

TECHART

TECHART Clubsport Package for the 911 models (992)

Description

The TECHART Clubsport Package prepares any Porsche 911 coupe of the 992 generation for the use at motor sport events. The TECHART clubsport product range includes a TECHART roll bar, TECHART 6-point racing harnesses, a hand-held fire extinguisher and a TECHART towing loop.

The TECHART roll bar is designed to comply with the current FIA regulations and offers both additional safety and a sporty look. It is made of high-strength steel with hand-welded struts and is available in black matt or paintable. Leather or Alcantara® pads are available as an option. The TECHART 6-point racing harness can be ordered in various colors and it comes with an FIA homologation. The hand-held fire extinguisher and a colored towing loop complete the TECHART Clubsport Package and ensure maximum safety.
