Play it safe: TECHART expands its warranty for individualized new and pre-owned Porsche vehicles internationally.

For many owners of a Porsche vehicle, the desire for more individuality goes hand in hand with uncertainty: “Does TECHART customization affect the warranty of my vehicle? What happens to my new or pre-owned vehicle guarantee?”.

No loss of warranty per se.

Many Porsche owners know that TECHART customization per se does not result in the loss of the vehicle warranty.

TECHART PROTECT, the new and pre-owned vehicle guarantee especially for individualized vehicles, closes the gap when concluding and extending a guarantee for new and pre-owned vehicles.

Since 2018, TECHART offers an alternative to the manufacturer warranty.

European customers have been able to fall back on an alternative to the manufacturer warranty since 2018. The TECHART PROTECT new and pre-owned vehicle guarantee ensures that the individualized Porsche model can be enjoyed for many years to come. Extensive services and attractive conditions offer TECHART customers peace of mind for minor and major individualizations.
