### **TECHART clubsport upgrades for all Porsche 911 Coupe models.**

The newly introduced TECHART Flyweight performance division features racetrack-ready safety and performance upgrades for track day oriented Porsche owners. The TECHART Clubsport Package prepares any Porsche 911 coupe of the 992 generation for the use at motor sport events. The TECHART clubsport product range includes TECHART Roll Bar, TECHART 6-Point Racing Harness, hand-held TECHART Fire Extinguisher and TECHART Towing Loop. All TECHART clubsport products can be purchased individually.

The TECHART Roll Bar is constructed according to the current FIA regulations and offers additional safety and a sporty look for any individualized 911 coupe. It consists of high-strength steel from motor sports with hand-welded struts and is available in black matt or as a paintable version with optional leather or Alcantara® pads. The TECHART 6-Point Racing Harness with FIA homologation – available in various colors – and a hand-held fire extinguisher complete the TECHART Clubsport Package and ensure maximum safety.

Furthermore, the new lightweight TECHART Formula VII Race forged wheel design with central locking is available for the Porsche 911 Turbo, 911 Carrera GTS and 911 GT3 models. The spectacular turbine styling enables numerous color variants and finishes. The wheel dimensions of the weight-reduced TECHART Formula VII Race are 9.5 x 20 inches on the front and 11.5 x 21 inches on the rear axle for the 911 Turbo models, 9 x 20 inches at the front and 11.5 x 21 inches at the rear for the 911 GTS as well as 9.5 x 20 inches on the front axle and 12 x 21 inches on the rear axle for the 911 GT3. The weight of the TECHART Formula VII Race forged wheels for the 911 GTS is only 9.8 kg on the front axle and 11.9 kg on the rear axle.

Fans and interested Porsche owners can explore the full TECHART individualization program for the Porsche 911 models at [www.techart.com/992](http://www.techart.com/992) and personalize their TECHART refined Porsche model in realtime 3D at [www.techart.com/configurator](http://www.techart.com/configurator). TECHART's browser app features a wide variety of models with almost limitless TECHART styling and performance options.
