## **TECHART Online Configurator now available for more Porsche models: individualization in 3D for the Porsche 911 GT3, 911 GTS and Panamera models.**

**TECHART expands the TECHART 3D Online Configurator with three refinement programs for the Porsche 911 GT3, 911 GTS and Panamera models. A variety of styling and performance upgrades are now available to enthusiasts and customers for seven different Porsche model series.**

Your personal TECHART model in a matter of seconds. The TECHART browser app at <http://www.techart.com/buildyourown> offers a powerful 3D engine as well as a large selection of TECHART customization programs for the Porsche 911 GT3, 911 GTS, 911 Turbo, 911 Carrera, Taycan and Panamera models. Another highlight in the TECHART 3D online configurator: the limited TECHART GTstreet R based on the Porsche 911 Turbo S.

Each production model can be equipped with TECHART styling and performance upgrades and viewed from any angle. For comparison, it is possible to switch between the base vehicle and the individualized TECHART model at any time when viewing the 3D model.

### **Sharpened appearance: on asphalt and in the TECHART 3D Online Configurator.**

Aerodynamic carbon fenders, wheel arches widened by 15 millimeters, a striking front hood in visible carbon fiber and extensive modifications to the front and rear ensure an athletic TECHART look for the Porsche 911 GT3 and the 911 GT3 with Touring Package. New and also available for the 911 Turbo and 911 GTS models: the TECHART Formula VII forged wheel and the Clubsport interior package with roll bar.

In addition, with a click of a button, customers and fans can design the custom-built GTstreet R super sportscar based on the 911 Turbo S and the TECHART GrandGT based on the Panamera to their personal taste in the TECHART 3D Online Configurator. Everything from vehicle paint, detailed coloring of the individual components of the forged wheels, an aerokit with visible carbon fiber parts in different

variants, trim elements, sports suspension and more refinement options can be freely configured. Furthermore, the TECHART Manufactory personalization program also enables a wide range of creative individualization options for the Taycan models.

The current configuration can be saved together with the options list as a PDF document or it can be sent directly to the personal TECHART customer advisor.

To configure your individual TECHART dream model and the TECHART configurator, visit <http://www.techart.com/buildyourown>.

**TECHART Automobildesign. The Brand. The Company.**

TECHART Automobildesign GmbH, with its headquarters in Leonberg near Stuttgart, sets global standards in terms of premium refinement for Porsche cars. Founded in 1987, TECHART has been living this passion for over 30 years. With consistent implementation of own ideas and developments, high quality standards and continuous brand development, the company became an internationally renowned trademark with sales partners all over the world.

TECHART's product range offers refinement options for any Porsche model and every section of the vehicle: aerodynamic improvement and exterior styling, technical optimizations such as engine powerkits, exhaust systems, wheels, suspensions or assistance systems, as well as bespoke interior personalization, manufactured by TECHART's inhouse saddlery and upholstery shop. Approved as an internationally registered vehicle manufacturer and certified as Authorized Economic Operator (AEO-F) by the European Union, TECHART is the premium brand for the refinement of Porsche cars worldwide.
